

# HARDENER SC

**Hardener SC** is solution of polyisocyanate dissolved in ethyl acetate.

## Technical characteristics

Appearance:	Yellow brown transparent fluid
Density:	1.0 g/cm <sup>3</sup>
NCO content	7.2%
Shelf life:	4 years

## Application

Hardener RF is a substance used for netting of adhesive Elanit SC 162.

## Instruction for use

Hardener SC is added in amount of 5% to the adhesive Elanit SC 162 and mix well:

Hardener reacts to water and humidity from the air, so close the packaging well after using.

## Note

Instruction for use should be adjusted to local working conditions and adhesives to which hardener is added.

## Packing

Hardener RF is available in glass bottles of 0.05 liters.

## Storage

Keep in well sealed packaging at the temperature between +10°C to +25°C (283 K do 298K) in well ventilated premises.
